## PILOT INJURED AS 'PLANE LANDS ON ROAD AT EMILIE

Chester D. Kozlowski, Manville, N. J., Taken to Hospital

### OUT OF GASOLINE

'Plane Damaged As It Hits Fence Posts in Attempt To Taxi Into Field

The pilot of an airplane was injured last evening at eight o'clock when the plane crashed into a field on the Frank Hibbs farm at Emilie. The plane was considerably damaged.

The injured: Chester D. Kozlowski, 35, Cyle street, Manville, N. J.

Kozlowski and a man said to be his brother were en route from Boston, Mass., to Merchantville, N. J., in a small Fairchild plane. The pair got off of their route and their gasoline supply became exhausted. In attempting a landing in a hay field on the Hibbs farm, Kozlowski landed on the road and taxied into a field, striking a number of fence posts. He was taken to the Mercer Hospital, Trenton, N. J.

The plane did not catch fire, and is still in the Hibbs field. State Police from Langhorne barracks investigated.

### Two Local Aeromodelers Are Awarded 2nd Prizes

The Aeromodelers were well represented yesterday at the model aeroplane contest held by the Bedminster, N. J., Lions Club.

Thomas Spitzo and James Van Sant won a second prize each. Spitzo won by flying a Class "C" speed model, powered by an "Aero Mighty Midget" engine at a speed of 6.6 miles per hour in the Class C junior speed event, and James Van Sant flew a class "C" speed model powered by a "McCoys 49" in the Class C senior speed event, with a speed of 97.9 miles per hour.

Other best official flights made by club members are as follows:

Thomas Spitzo, class B junior event, 59.6 mph; James Van Sant, class A senior event, 64 mph; James Van Sant, class D senior event, 52 mph; Clarence Wells, class A open event, 54 mph.

The weather and flying field were excellent for the contest, and many more entries turned out for this contest than the officials of the contest could handle in the short time allotted for the contest to be run off. Several interesting exhibitions of models took place after the contest. Most thrilling of all was the exhibition of a radio controlled model, powered by a Diesel engine. It was flown over the town of Bedminster, climbed to nearly 100 feet, and was landed within ten feet of the take-off site.

A fine showing has been made by other clubs in the Bucks County Federation of Model Clubs. Doylestown Kiwanis Aero Club and the New Hope Model Club have been winning consistently at the last few contests. These two clubs have been receiving great support from their sponsors and other well-wishers. Each have fine workshops and flying fields where members of the club can gather and ready their models for coming contests.

The next contest to be attended by the Aeromodelers will be the 2nd Annual Norristown Exchange Club contest to be held at Wings Field this Sunday. Events to be held are: control line, speed and stunt, junior, senior and open. Free flight is another event scheduled, but will not be divided into age groups. Junior members will have to compete against those of any age.

## Sellersville Suffers Acute Water Shortage

SELLERSVILLE, Sept. 7.—The prolonged drought has caused residents here to start an immediate water conservation program, and if the rainless period continues borough officials fear the situation will become serious.

Councilmen at the monthly session were told by William Walter, water superintendent, that the water in the catch basin has dropped to forty inches below the overflow. Normally the water in the catch basin spills over the gate.

Burgess Harry E. Barndt today called on all residents to halt waste use of water which he described as sprinkling lawns, washing automobiles, etc. He said the restrictions will be in effect until the water in the catch basin is restored to its normal level.

Chief of Police Matthew Yetter, in his first appearance before the council, said that he is doing all in his power to make Sellersville a "safe place for the pedestrian and the motorist." He said traffic laws will be enforced, particularly those concerning parking and stop light and stop signs.

Yetter reported seven arrests, and turned over \$35 in fines. The arrests, he said, followed violations of traffic lights. Four other arrests were made with the fines going to the Commonwealth. The borough received another \$10 from a magistrate after prosecution by State Police of a motorist in Sellersville.

## HERE AND THERE IN BUCKS COUNTY TOWNS

### Activities of Interest To All in The Various Communities

#### GLEANED BY SCRIBES

The generosity of a beloved and benevolent woman is much in evidence now at the Doylestown Community House which was given to the public by the late Rebecca Hart Swartzlander in memory of her father, John Hart, and her mother, Grace V. Hart.

Entirely remodeled, redecorated, and partly-furnished, the Community House at the corner of South Main street and Oakland avenue, is now ready as a place of meeting for at least twenty-nine organizations. Renovating of the property will be completed tomorrow and the Community House will go on to a meeting schedule next week.

Under the exclusive supervision of the Doylestown Trust Company, the Community House has been placed in first class condition for that purpose, at an expense of \$6,242.62. The large two-story stone garage in the rear of the property, will not be developed until the present remodeling project of the main house is entirely paid for.

Samuel Livezey Paxson, 78, engaged for many years in the growing of fruit in the Lumberville section of Solebury township, died at his home, Newtown, Friday, after an illness of 18 months.

A resident of Newtown since June, Mr. Paxson was a native of Solebury township, a son of the late Eugene and Martha (nee Livezey) Paxson, and spent the greater

### State to Open Bids for Reaping Canal Locks

HARRISBURG, Sept. 7.—The State will open bids tomorrow for cleaning out the Pennsylvania Canal and repairing the locks along the scenic waterway between New Hope and Point Pleasant in Bucks County.

Plans call for putting the locks in order so they can be used once more in raising and lowering the water level.

In 1947 the Legislature appropriated \$200,000 for the restoration work, which will make possible boating, swimming and other water diversions along a stretch of eight miles.

Plans also call for the construction of an aqueduct at Point Pleasant. Bids for the projects were advertised by the State Department of Property and Supplies.

The canal and its towpath skirt the Delaware between Easton and Morrisville, a distance of 40 miles, and they have been made part of the State park system. The canal was formerly owned by the Lehigh Coal & Navigation Co.

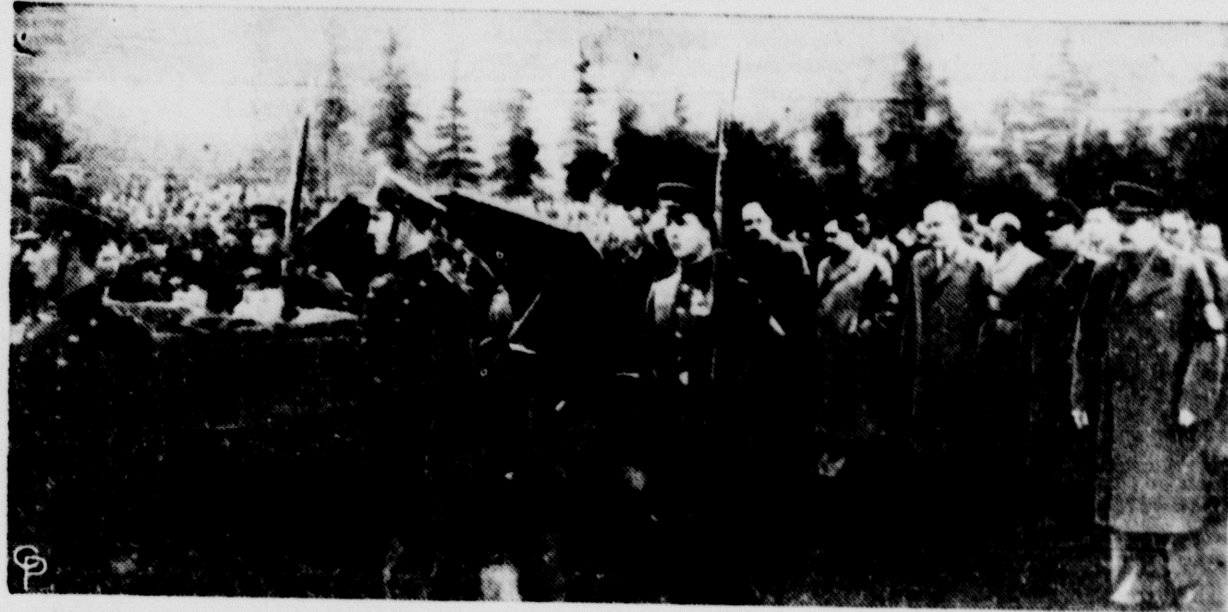

#### AUXILIARY TO MEET

The regular meeting of the Ladies Auxiliary of Newportville Fire Company, No. 1, will be held this evening at eight o'clock in the fire house.

#### REGISTRATION RESUMED

Registration for the peacetime draft was resumed this morning in the various high schools of Bucks County after being discontinued for the Labor Day holiday, yesterday.

### Joseph Princevalli Serving Aboard Destroyer

Joseph Princevalli, seaman, USN, of 321 Cedar street, is serving aboard the destroyer USS Willard Keith which has visited Brighton, England. While there the crew members of the destroyer were guests of the Lord Mayor P. F. Friend-James, O. B. E., at a luncheon.

In a message of welcome to the American Naval personnel the Lord Mayor said:

"Brightonians in common with all Britishers are not ungrateful of the unforgettable cooperation between the two great English-speaking nations during the dark days of the war, and they welcome the opportunity of entertaining visitors from the New World."

The officers and enlisted personnel also attended sports events and dances staged for them by the City of Brighton and in return welcomed the citizenry of the English Channel resort city aboard the destroyer in a series of "open houses" and conducted searchlight displays each night of the visit.

### Penndel Board Considers Lighting Recreation Field

PENNDel, Sept. 7.—The meeting of the Recreation Board was called to order by the president, Dr. Russell W. Brown.

Mr. Alexander Knox, treasurer, reported he had opened an account with the People's National Bank, for the Penndel Recreation Board. He advised we have an approximate amount of \$9600 in the treasury.

The president reported a special meeting of the board had been held on August 21. The board discussed the building of a storage house on the recreation field. Plans are being drawn for this building.

The board has obtained some fencing at a very reasonable price and they have purchased approximately 1700 feet. The approximate cost of hauling and putting this fence up will be in the neighborhood of \$2000.

Specifications for lighting the field have been obtained from the electric company.

## PEDESTRIAN KILLED, 5 PERSONS HURT IN BUCKS HOLIDAY WEEK-END ACCIDENTS; ONE IS KILLED ENROUTE TO COUNTY

Howard Fairman, 33, Newport, R. I., Fatally Injured When Hit by Car as He Walks Along Lincoln Highway—Two Girls Struck by Same Vehicle—Occupants Uninjured When 2 Machines Crash in Bristol Boro.—Motorcyclist Removed to Hospital.

A man was killed, five persons were injured in motor vehicle accidents which occurred in Bucks County over the Labor Day week-end. One other was killed and one hurt in a car crash while enroute to visit friends in Bucks County.

A car driven by William McKnight, 33, of Langhorne, struck and killed Howard Fairman, 33, of Newport, R. I., as he walked along the Lincoln Highway, opposite the Langhorne Speedway Saturday night. Fairman was removed to Mercer Hospital, Trenton, N. J., in the ambulance of Bucks Co. Rescue Squad, Croydon.

McKnight and two pedestrians, Miss Rita Rusine, 19, Providence, R. I., and Miss Thelma Green, 17, Johnston, R. I., were injured. They were taken to Mercer Hospital, Trenton.

According to the police McKnight's car struck Fairman, swerved to the road shoulder where the two girls had been seated and then overturned twice. The girls are motorcyclists who were in Penndel to attend the motorcycle races Sunday. It is stated that Miss Rusine and Miss Green had walked a short distance to secure refreshments, and upon returning had seated themselves on a lawn. As they saw the McKnight car "zig-zagging" down the highway, they jumped and ran, but Miss Rusine was struck with considerable force. At Mercer Hospital this morning her condition was listed as "fair." She sustained possible skull fracture and Miss Green brush burns of the back.

Two cars collided at Jefferson avenue and Pond street at 11:35 p. m. Sunday evening when a car driven by Samuel Caldararo, Morrisville, and one operated by Angelo Pugliese, 394 Jefferson avenue, crashed. The Caldararo car was traveling west on Pond street and the Pugliese machine was going east on Pond street, and making a left turn into Jefferson avenue. Both cars ran into each other and both were damaged. None of the occupants were hurt.

### NO INCREASE IN OUTPUT

The nation produced goods  
and services during the second  
quarter of this year at an annual  
rate of \$248,000,000,000, the De-  
partment of Commerce reports.  
That is a record-breaking figure.  
It compares with a 1947 total of  
\$231,636,000,000 and a 1946 total  
of \$204,000,000,000. But it  
doesn't mean what it seems to mean.

That is, it doesn't mean that  
Americans have increased their  
output of goods and services by 7  
per cent as against last year or by  
21 per cent since 1946. A major  
part of the difference in both  
cases, according to the report,  
merely reflects inflation—higher  
wages and higher prices.

Industrial production, in fact,  
actually dipped during June as a  
result of a shortage of material.  
Despite that, the gross national  
production figures rose—because  
farm products were higher in  
terms of dollars and so were the  
services performed by individuals.

### TAXES AND INCOME

The Census Bureau published  
figures on the tax collections of  
the federal, state, and local gov-  
ernments in the fiscal year ending  
June 30, 1947. These statistics  
are worth the citizen's attention.  
They tell him a good deal of what  
he ought to know about his tax  
burden.

Total tax collections for all  
governments in the 1947 fiscal  
year amounted to \$49,603,000,  
000. That was almost one-fourth  
of the 1947 national income. The  
average American, then, paid out  
a quarter of his income in taxes.  
To put it another way, he worked  
three months of the year for his  
various governments and nine  
months for himself.

Of all taxes collected, the fed-  
eral government got about three-  
times as much as the state and  
local governments combined. The  
U. S. Treasury took in \$37,000,  
000,000 compared with the states'  
take of \$6,745,000,000 and a total  
of \$5,797,000,000 levied by local  
governments. So the average  
citizen worked nearly 10 weeks  
for Uncle Sam and about one and  
one-half weeks each for his state  
and his local governments.

This means that if the taxpayer  
is to get any substantial relief, it  
will have to come as a result of  
lower federal taxes. He can't get  
it from the states or the local gov-  
ernments which, in fact, are being  
compelled to seek more revenue  
to meet rising costs. His only  
chance is a reduction in federal  
expenditures.

## ECHOES OF THE PAST

(By Courier Staff Member)

Review of the news as it appeared in the Bucks County Gazette  
issue dated at Bristol Sept. 1, 1898. The Gazette, a weekly news-  
paper published in Bristol, was discontinued following its merger  
with the Courier.

On account of the scrapping of  
the large number of hucksters for  
favorable positions at the ferry boat  
lately, during the vegetable season,  
William Doron has inaugurated a  
new ticket system. Each man is  
given a number as he comes to the  
slip, the numbers admitting the  
holders to the ferry being called  
out consecutively. When the ferry  
is full the late-comers are com-  
pelled to wait until the following  
trip. First come the first served,  
is the ferry boat motto.

A. Weir Glikeson purchased last  
Friday for Philip Winter the store  
property at the corner of Mill and  
Wood streets lately occupied by  
Mrs. J. Merrick Brown. Mr. Win-  
ter will remove his boot and shoe  
business to the new stand this  
fall.

MORRIS, S. B. Ardrey & Sons have  
the contract for putting in the  
apparatus for heating the large mill  
being erected at Eden by Fred  
Rumpf.

PENN MANOR—There are some  
very fine fields of tobacco to be  
seen in the Manor. Cutting will  
soon commence. The tobacco  
worms are more troublesome this  
year than they have been for years.

EDGELEY—The Delaware School  
will open on Monday, September  
5th, with Mr. Frank Paul as teacher.

TULYATOWN—On Monday last  
Mr. Amos H. Lovett while plowing  
on Mr. Wagenknight's place, un-  
earthed 46 turtle eggs, which he  
presented to Mr. Wagenknight's son,  
Oscar. The eggs had already show-  
ed signs of life, and presently from  
some of them small black heads  
appeared, which were shortly fol-  
lowed by the appearance of dimin-  
utive turtles. By Tuesday morning  
Master Oscar was the delighted  
possessor of 22 baby turtles. His  
interest in his pets soon waned after  
hatching ceased, and his father  
finally induced him to deposit them  
in the creek. The eggs were about

the diameter of a silver quarter  
of a dollar and were probably those  
of a snapping turtle.

HULMEVILLE—The schools in  
Middletown opened on Monday with  
an unusually large attendance. The  
teachers are E. W. Martindell, Mar-  
ian Lawson, Effie Watson, Francis  
Toms, Elizabeth Piper, Anna P.  
Faxon, Olive M. Hibbs and Leila  
Belcher. About 50 pupils were re-  
gistered at the Central school. The  
pupils who have taken up the sen-  
ior work are as follows: Bessie  
Magill, Laura K. Hibbs, Flo Rose,

to know that it is basic to Commu-  
nism to concentrate power at a single  
point. Only Governors Thur-  
mond and Wright of the Dixiecrats  
speak the language of Jefferson and  
Washington today. And their cause  
is hurt by being put perhaps with-  
out their faults on the narrow base  
of a sectional problem, when the  
cause should embrace the nation—  
black and white, Democrat and Re-  
publican, and all men and women  
in all the states who would be free  
and leave their children free.

Tired of taxes; tired of the colos-  
sal blunders of put-sized bu-  
reaucrats; tired of government, so  
big it can be neither understood,  
respected, nor loved; tired of auc-  
tioning off the Republic and its  
spiritual and material treasure to  
pressure blocs, the modern Gotha  
and Vandals—is it too much to be-  
lieve that under great leadership,  
millions of "all-Americans" would  
rally round the old Flag once more?  
Where is today's Jefferson to lead  
the way?

## THE GREAT GAME OF POLITICS

By FRANK R. KENT

### A Purge is Needed

Washington, Sept. 7.  
DESPITE the violent squealings of  
the professional "liberals" who  
consistently denounce every revela-  
tion of communistic infiltration in  
our governmental departments as  
"witch hunting," "red baiting" and  
"smearing," the recent investiga-  
tions and more recent report of the  
House Committee on Un-American  
Activities have had definitely ben-  
eficial effects.

FOR one thing, it has been estab-  
lished that there did and does  
exist a communistic underground  
"spy ring" in this country. This may  
sound like something out of E. Phil-  
lips Oppenheim, but it is the truth  
and the evidence here, as in Canada,  
is too clear to dispute. No amount  
of vituperative attack upon the  
committee contradicts the facts.  
For another thing, it has been  
equally well established that a con-  
siderable number of individuals  
who, if not actually card-carrying  
Communists, at least were sym-  
pathetic with the Communist point of  
view and closely associated with  
self-confessed Communist agents,  
have acquired jobs in various Fed-  
eral boards, bureaus and depart-  
ments.

FOR a third thing, it has been  
established that some of these  
Soviet spies did secure positions  
for themselves in the State Depart-  
ment. From these positions and  
while on the Federal payroll they  
were paid by the Soviet Government  
to supply it with secret information.  
None of these statements are denied.  
The committee has proved them all  
up to the hilt. It is true the New  
Deal broadcast-bearers have invoked  
the Constitution, the Bill of Rights,  
the Magna Carta, the Bible and the  
Koran to explain that the individ-  
uals mentioned by the self-confessed  
Soviet agents as having co-operated  
sympathetically had been slandered,  
libeled and "smeared," denied their  
"rights," permitted neither to meet  
their accusers nor defend them-  
selves.

THESE allegations are not sus-  
tained by the facts. No "innocent  
young patriot" has been "smeared"  
without a chance to face his accuser,  
or tell his side. Some, when they  
got the chance, refused to answer  
questions on the ground that they  
might incriminate themselves.  
Others simply denied the accusa-  
tions under oath. One of these was  
a young man lucky enough not to  
have brought out that prior to  
obtaining his State Department post  
he had spent five years in Russia,  
where he married a Communist.

THE most highly publicized "vic-  
tim" of the investigation was Mr.  
Alger Hiss, once a State Depart-  
ment official, now head of the Car-  
negie Endowment for Peace. Mr.  
Chambers, acknowledged former  
Communist, had said that Mr. Hiss  
was a Communist and "co-operated"  
with him. All the "liberal"  
columnists, commentators and edi-  
tors rushed to Mr. Hiss's defense,  
vehemently denouncing the com-  
mittee. Mr. Hiss personally ap-  
peared, vigorously denied everything,  
issued statements, wrote letters and  
employed counsel. Also, he met his  
accuser face to face. The accuser  
repeated the accusations; Mr. Hiss  
repeated his denials. Each called  
the other a liar. The committee

knew one was a perjurer, but could  
not prove which. That is the way  
the case ended.

MR. HISS may be, as his friends in-  
sist, a much maligned man, but as-  
suredly he had every opportunity  
to defend himself and the chance  
to face his accuser. If his denials  
and defense have not been generally  
convincing it is partly his own  
fault. The committee's report ex-  
pressed conviction that Mr. Cham-  
bers rather than Mr. Hiss is to be  
believed. The latter had superior  
publicity facilities but he managed  
them poorly. Two mistakes he cer-  
tainly made. One was in connection  
with the lie detector test. Mr.  
Chambers agreed to take the test  
but Mr. Hiss questioned its scientific  
accuracy, said he could not give a  
definite answer until he had made  
a thorough investigation, which  
would take time. In brief, he re-  
fused. It would have made a better  
impression if he had said, "Hell,  
yes, I'll take that test or any other  
test, however inaccurate scientific-  
ally, because I am telling the truth.  
And no matter what the test shows  
it will not alter that fact." That kind  
of attitude would have made a bet-  
ter impression.

HIS other mistake was in challeng-  
ing Mr. Chambers to make his ac-  
cusations outside of the committee  
room, where he had protection and  
in some place where he could be  
sued for libel or slander. Almost  
immediately Mr. Chambers did re-  
peat his accusations over a radio  
station in Washington, which, un-  
protected itself, could give him no  
protection. But, so far, Mr. Hiss has  
not entered suit. There is a gen-  
eral feeling that Mr. Hiss should  
not have made this challenge, with  
its implied threat unless he intend-  
ed to follow through; that he now  
stands in position of having his  
liar's hat called. However, aside from  
himself, the committee is not ideal  
nor its method perfect. It cannot be  
denied that it has dredged up many  
important facts and produced much  
important information to which the  
American people are clearly en-  
titled and which they would never  
have gotten in any other way. At  
least one of its newspaper critics  
now admits this.

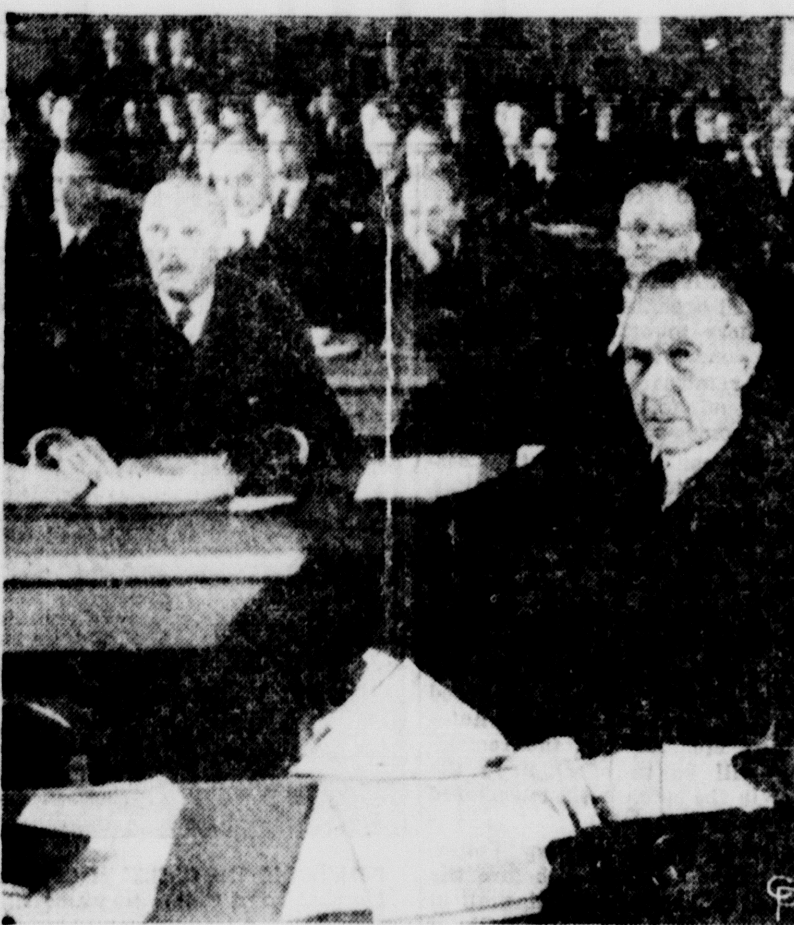

THE committee's 7,000-word printed  
report is neither violent nor ex-  
treme. It presents the facts, makes  
assertions that hardly can be con-  
tradicted and insists it has been  
hampered by Mr. Truman and his  
Attorney General, who have refused  
to turn over asked for files and in-  
formation. Beyond doubt this re-  
port will figure in the campaign. It  
presents an issue upon which Mr.  
Truman, with his insistence that  
the whole investigation was a "red  
herring" to divert attention from  
high prices, will be on the defensive.  
Enough has been brought out to  
convince millions of Americans that  
a lot of "wrong guys" have seeped  
into the Government service. "We  
need," as Mr. Raymond Moley says,  
"a purge of Communists." But we  
also need a purge of lawyers, econ-  
omists and "advanced thinkers," all  
enemies of the free-enterprise sys-  
tem who are not only in the State  
Department but represent us in  
more than one foreign country.  
Naturally, the Republican con-  
tention is that the only way to get  
this purge is to elect a Republican  
President and Congress.

the entire meal than when it in-

sables. If dessert and appetizer are  
extra, Dana says about 80 per cent  
will take dessert; only 20 or 30 per  
cent will take an appetizer.

## United States Tightens Guard Over Atomic Secrets

By John Druckenbrod

(I. N. S. Staff Correspondent)  
WASHINGTON, Sept. 7.—(INS)—  
A high military official disclosed  
today that the United States is  
tightening its guard over atomic  
secrets.

The official said the Armed  
Forces' Special Weapons Section is  
stepping up its security measures  
over the "A" bomb and other secret  
war potentials on three fronts.

He asserted that the security sys-  
tem has been improved consider-  
ably in the last few months but is  
"not yet 100 per cent perfect."

The official revealed that the pro-  
gram involves bolstering of per-  
sonnel security, guard forces and  
physical security.

Personnel security is being in-  
creased, he explained, because "our  
greatest problem is individuals who  
leak information either because  
they are disloyal, glib or care-  
less."

To combat personnel leaks he  
said the services are relying on  
sterner loyalty tests and better "se-  
curity education." The latter in-  
volves lectures, talks and pamphlets  
on what not to say and to whom  
not to say it.

The official added:  
"We are talking to our people  
more on ways which spies might ob-  
tain information without their be-  
ing aware of it. A chain is only as  
strong as its weakest link and prac-  
tically all leaks stem from indi-  
viduals who are either disloyal, glib-  
ble or careless."

### RED-FALED GOYS

SANTA ANA.—(INS)—Juan  
Quintero was arrested for driving  
his automobile in an unsatisfactory  
fashion. Police parked the car and  
took Juan off to the bastille for  
booking. Later they returned to  
pick up the vehicle. It had been  
stolen.

I'd rather be snappy than have people say  
I'm **DILATORY**—a word which means causing delay  
"Coming events cast their shadows before."  
Such a "shadow" or tip-off is called **PRECURSOR**.

If this be proof of reactionary tendencies, make the most of it! But when being squeezed to the compressible limit, standing in a swaying, jerky, funny bus which is bulging at the seams with its human load—I think wistfully of the allegedly antiquated streetcar. Then comes a doubt that progress always is improvement.

Park concerts or other popular summer night gatherings result in the need of extra careful driving. Move slowly and watch sharply for the many pedestrians moving in all directions at the close of the program.

**DAYS OF CHIVALRY**

Have newspaper editors lost the fine art of gentility which was part of the Victorian era? I find in my archives these examples of the urbane manner in which two rival editors wrote of James Gordon Bennett, then editor of the New York Herald, and a really good fellow: "Obscene vagabond—polluted wretch—venomous reptile." An unprincipled adventurer whose reckless depravity made of his paper a "ribald vehicle of moral leprosy."

For the betting person, here's a sure thing. Bet that at a public elevator this will happen at least once per trip: The car stops at any floor. The operator clearly announces: "Going up!" From the waiting crowd will come the inevitable feminine query: "Going up?"

Uttering radio "commercials" must be an awful strain, else why is it necessary for two or three announcers to collaborate on one 20-second product plug?

It's quite a thrill to ride the "roller coaster," or other speedy novelties at amusement parks. If children insist upon a ride they should be accompanied by older persons—who also should be cautious, for their own protection.

Business is flourishing, in spite of the high prices everywhere, but that's at the Bucks County Prison, at Doylestown.

The docket at the B. C. P. on Pine street this morning looked like "big business." There were 72 names recorded, 68 males and 4 females, a number of whom are awaiting trial in court, and a large number who are there on disorderly conduct charges from the produce farms in lower-Bucks county, at the expense of the County of Bucks.

Among the late arrivals yesterday were Thomas Lucas, 39 Negro, from King's Farm, Morrisville, on a disorderly conduct charge.

George Walton, 41, of 214 Wembly Road, Upper Darby, was also sentenced to 100 days by Justice Nolan, on a disorderly conduct charge. Mamie Pace, 23-year-old Negress, from Greenville, N. ## Pedestrian Killed, Five Persons Are Injured

Continued from Page One

James Grew, State road and Cedar avenue, Croydon, a passenger on a motorcycle, travelling from Bristol to Croydon, was injured Saturday evening. Grew suffered severe lacerations of the back when the motorcycle was struck by a car operated by a Mr. Taylor, River road, Croydon. Bucks County Rescue Squad removed Grew to Harriman Hospital.

In an accident on Route 232, one-half mile from Penns Park at 8:50 Sunday evening, James C. Hunt, 19, and Robert K. Ackerman, 19, both of the Willow Grove Naval Air Station, were injured. Hunt was driving when the car struck a pole. Hunt was taken to Doylestown Hospital in the ambulance of the hospital; and Ackerman was removed to the hospital by state troopers. Both men were seriously injured, and have possible fractures of the skull.

Three cars collided on Route 413

at Buckingham Valley, but none of the occupants were injured. All three cars were damaged to the extent of about \$600. One car was operated by Robert G. Bucher, 20, Newtown R. D. 2; another by Stanley D. Matthews, 21, of 113 S. Congress street, Newtown; and the third one by Daniel W. Hogeland, 26, of Davisville.

Aubrey C. Johnson, 65, of 2314 Naylor rd., S.E., Washington, D. C., was driving his wife, Mattie, 73, to visit relatives in Bucks county when their car piled into another owned by Miss Verna Cole, Drexel Hill, at the Chatham Village intersection.

Mrs. Johnson was hurled partly through the windshield, and died a few minutes after arrival at Delaware County Hospital, where she was taken by the Haverford township ambulance. Johnson suffered from shock. He was treated and released. Miss Cole, who was riding in the back seat of her car, was treated by her family physician for shock. James S. McFall, of 510 Ludlow st., driver of the Cole vehicle, was not injured. Johnson later was held in \$2000

bail on a technical charge of manslaughter, to await a coroner's inquest, at a hearing before Justice of Peace Albion Murray, at Upper Darby police station.

## HEALTH HINTS

The most common anatomical findings at autopsy refer to the heart, and hardening of the arteries of the heart is a chief cause for sudden death.

Acute heart failure presents extreme dilatation of the heart and there are generally degenerative changes noticeable in the heart muscle.

Next to the heart, the brain is probably the most frequent site of anatomical changes which produce sudden death.

Rupture of one of the main arteries with hemorrhage in the brain is not uncommon.

Between 10 and 15 per cent of all deaths occur unexpectedly.

Sudden death is always dramatic and sometimes difficult to explain.

## Arrest Fugitive Cashier With More Than \$19,000

PHILADELPHIA, Sept. 7.—(INS)—A fugitive cashier of a Pacific Coast concern was under arrest in Philadelphia today after police found more than \$19,000 in cash in his automobile.

The fugitive was identified as Harold Thompson, 45, of Midland, Calif., who claimed he had absconded with a \$22,038.25 payroll last Friday when he could not make good his gambling debts.

Thompson said he was the cashier and paymaster of the U. S. Gypsum Co. plant at Riverside, Calif.

The cashier told police he had been covering shortages in his accounts for more than six months after becoming involved with gamblers at Las Vegas, Nev., about a year ago.

Thompson claimed that recently the shortages became too large and he could not cover them up. The gamblers threatened him with death, he said, so he decided to flee with the payroll.

His wife, Elizabeth, and his baby were also in Philadelphia, but Thompson insisted she was entirely innocent in the embezzlement.

The California cashier was arrested after detectives trailed Mrs. Thompson and the child to a mid-city street corner where Thompson met them.

He had purchased an automobile after flying to Philadelphia via a northern route while Mrs. Thompson flew by another route.

## ST. ANN'S WINS TWO GAMES AND CHAMPIONSHIP OF SUBURBAN LEAGUE

Winning both games over the Labor Day holiday, the St. Ann's A. A. nine won the 1948 championship of the Bristol Suburban League. The "Saints" beat the Democrat Club, 12-2, Sunday, and repeated with a 4-1 triumph yesterday. Both games were played on Memorial Park field. The Democrat Club did not win a game in the final playoffs. St. Ann's capturing the first three of what was to have been a five-game series.

Under the management of John Spike, St. Ann's has now won both the regular season and playoff championship of the Bristol league for three consecutive seasons. It will be awarded two more trophies for winning this season's crown at a banquet the latter part of this month.

St. Ann's VanLenten, who is stationed at Fort Monmouth, was the mound victor over Joe Sagolla yesterday in the best game of the series. It was a 1-1 ball game until the eighth inning with both hurlers exhibiting fine stuff.

VanLenten gave the Democrats our hits and St. Ann's made 12 but in the pinches Sagolla was very effective and his slow ball caused many pop-ups. Sagolla walked three batters and struck out five while VanLenten fanned the same number and passed two.

St. Ann's loaded the bags in the first with one out but failed to score as both Chiarella and F. Barbetta lifted flies. It wasn't until the fourth that the first run was scored and the ultimate champions registered that on a hit by Chiarella, a sacrifice, and a two-bagger from the bat of "Sal" Pappaterra.

After being blanked for six innings, the Democrats deadlocked the score with a run in the seventh. Kohler solved VanLenten for a two-bagger to left. Reetz scored Kohler with a single but both Weakley and Sagolla failed to advance Reetz.

"Ferdie" Reetz gave St. Ann's a gift of a run in the eighth when he committed two errors on grounders by Chiarella and "Lou" Sassi.

Two runs in the ninth gave the defending champions the game. VanLenten beat out a hit to "Toby" Oriola. Palumbo flied out. Ludwig walked. Sallustio singled to center, scoring VanLenten. Bert Barbetta walked. Joe Chiarella's fly dropped in front of Mandio for a hit, scoring Ludwig, but Sallustio went out at third. F. Barbetta flied out.

The Democrats passed up their biggest opportunity in the eighth. With one out, Keys got a break on an error by Palumbo. Mandio walked and Oriola grounded out. Purcell was passed to load the bags but Kohler's best was a smash which Sallustio handled for a putout at first.

"Mike" Deitch twirled for St. Ann's in Sunday's fracas and managed to keep the Democrats away from the plate in seven of the nine innings. He was nipped for nine hits but whiffed seven and gave up but one free ticket to first.

Paul Leighton and Bob Ghantt did the pitching for the losers. Leighton allowed five hits but was given miserable support as his mates committed five errors. Leighton's wildness did not help any as he gave up three walks in the fourth and another in the fifth before Ghantt came in to relieve him.

Ghantt did well until he got as

wild as a March hare in the seventh when St. Ann's scored a quartet of runs on but one hit, taking advantage of four passes and an error.

St. Ann's had nine hits in this contest and were led at the plate by "Rabbit" Palumbo who hit triples in his first two times up and singled in the sixth. In the field, Palumbo handled five chances without a miscue.

Gene Barbetta, the third Barbetta brother to enter this game, batted up twice and singled on both occasions.
